PRESIDENT'S MESSAGE

It seems we have had our share of loss and sadness in the chapter this year. We have different times each year when we stop and reflect, certain dates may mean more to one or the other of us. For many of us the only time we really get to gather with our family and friends is the holiday season.

As we look back on the year, it has moved through the days and weeks rather quickly. Our lives get busy; children, in-laws, and grand children are added to our families not to mention the demands from work. When we look back on our lives, we hope that we have taken the time to enjoy and appreciate each piece that has joined us in the voyage through time. Take time and enjoy the blessings that are around us.

Our company, on an occasion, will tighten down the access to e-mails. We get bombarded with numerous outside sources that want to sell us drugs, loans, and many other things that can't be revealed here. When these e-mails start hitting us, it is possible that the important ones can get locked out. So if you are expecting a reply and nothing is coming on a timely manner, give us a call. We review the e-mails, but some days there are 20 to 40 of them and it is possible that an important one may get overlooked.

PRESIDENT'S MESSAGE CONTINUED

Sheridan education is coming up, so hope to see some of you taking the class and share time with the Wyoming chapter. Wyoming is the location where we are ending the raffle for the items purchased in Atlanta. Get your tickets turned in and enter the drawing a few more times. I will be taking the two items from Atlanta out and Jim Dunlap will be bringing the print from Bryan. Thanks once again to Bryan for taking charge and handling the raffle.

CHAPTER AWARDS ACORN SCHOLARSHIP AT SDSU

Members Brian Gatzke, Paul Sickler, and Paul Reisch represented the chapter at the September 19th Ag-Bio Scholarship Banquet at the Student Union Volstorff Ballroom.

Emily Hansen was announced as the recipient of the chapter's \$700 scholarship for the 2007-08 academic year.

Emily was chosen from those who submitted application / essays for the scholarship. She is a Marshall, MN native.

Emily is an Agricultural Business major with a minor in Marketing. She took the rural appraisal class this past spring and had an internship with Ag Star Farm Credit this past summer in their Worthington office.

Emily is interested in pursuing a finance or marketing job in the South Central or Southwest part of the United States after graduation. Her long term goals include owning a horse-boarding barn and teaching riding lessons. She is also considering the Equine Appraisal field.

Emily plans to join us at the October 5th East River Breakfast meeting. We encourage members to attend and meet our scholarship recipient!

The scholarship was created to develop and support student interest in the rural appraisal, farm management, and agricultural consulting professions and to encourage students to become American Society of Farm Managers and Rural Appraiser (ASFMRA) chapter members.

Upper level undergraduate students enrolled in the College of Agriculture and Biological Sciences are eligible for the scholarship. A cumulative GPA of 2.5 minimum, or upper half of class ranking, is required – along with a stated interest in considering rural appraisal, farm management, or agricultural consulting as a career. The following preferences are also considered:

- Community service achievements and demonstrated leadership qualities,
- Completion of / or current enrollment in the Rural Estate Appraisal course (Econ 373 / Plant Science 373) and / or Farm and Ranch Management course (AgEd 271).
- South Dakota resident,
- Financial need.

The establishment of the scholarship has contributed to a strengthened chapter relationship with SDSU personnel.
